

## Biointerphases Student Award

To encourage young researchers' works, the journal *Biointerphases* will present **Student Awards** to selected eligible researchers attending ECASIA 2017 in Montpellier.

**The *Biointerphases* Student Award consists of a certificate and a cash prize of 500 Euro for the winning student, or to be split among two winning students.**

### Eligibility

To be eligible for a *Biointerphases* Student Award, applicants must:

- be registered as a graduate student or postdoc
- present an oral or poster contribution relevant to the biointerface (see Application section)
- pay the registration fees
- be present during the Closing ceremony

### Application

To compete for the *Biointerphases* Student Award, PhD students/postdocs have:

- **to check "yes" in the Abstract submission form** (section: *Biointerphases* Student Award)
- and must **send by email to the [Conference Secretary](#)**, a Proof of university enrollment/status **before 31<sup>st</sup> March 2017**

### Procedure

The documents listed above **must be received by March 31<sup>st</sup>** by email to the [Conference Secretary](#). The support letter must be sent by email by the supervisor.

The *Biointerphases* Student Award Committee will **proceed in these steps**:

- **On 5<sup>th</sup> May, a first selection:** 8 finalists will be chosen based on the scientific and the originality of the work.
- The Final selection will proceed during the conference: **The Committee will attend the selected presentations** (during oral and poster sessions) in order to decide for the best works.
- **Certificate(s) will be given to the winners during the closing ceremony** at the end of the conference. Awardee contact information will be provided to the AVS Publications Office in order to arrange for funds transfer to the winner(s).

*Biointerphases* is a journal of the AVS published by the American Institute of Physics Publishing.
